PADI SCUBA DIVER COURSE INFORMATION

The adventure really begins here; your life will never be the same. You've probably seen photos, television, and films about diving, but until you do it yourself, you can't really understand what it's like. Nothing on earth matches the sensations you experience – the thrill of breathing underwater, the freedom of “weightlessness”, and unique sights and sounds. The PADI Scuba Diver course opens these doors for you and much more. The PADI Scuba Diver rating is approximately 60% of the PADI Open Water Diver Course, and this still allows you to dive internationally. Your holidays will never be the same! Here are a few facts regarding the course for your interest.

The PADI Scuba Diver certification qualifies you to:

1. Dive under the direct supervision of a PADI Dive Master while applying the knowledge and skills you learn in the course, within the limits of your training and experience.
2. Purchase air fills, scuba equipment and other diving-related services.
3. Plan, with the PADI Dive Master, conduct and log open water (no decompression) dives no deeper than 12m, when equipped properly and accompanied by a buddy in conditions with which you have training and/or experience.
4. Continue your diver training with the completion of the full PADI Open Water Diver Course

Course Structure

The PADI Scuba Diver course consists of three segments: confined water dives, knowledge development and open water dives. Each plays an important role in learning to dive by meeting the performance objectives you need to qualify as a diver.

The Knowledge Development section establishes the principles and basic information all divers need to have to dive safely. You just need to complete the first 3 chapters of the PADI Open Water manual. Each chapter starts with your own independent study of the PADI Open Water manual and DVD. Small quizzes and a final knowledge review help reaffirm what you learn in each chapter. Your instructor will go through the knowledge reviews with you, completing any gaps in your knowledge. There is no final exam.

Why not get a head start on your independent study before you arrive? This could help reduce the length of the course, giving you more chances to dive! At an additional cost, you can purchase a PADI e-learning pass to complete the knowledge development online. Click [here](#) for more information on how to do this.

Confined Water Dives is where the fun really begins. You will complete three confined water dives during which you apply dive principles, and learn and practice dive procedures and skills. You will do this under the direct supervision of one of our instructors in our training pool, which has a maximum depth of three meters. Our pool is also heated during the winter months to ensure that you have the most comfortable experience possible.

The Open Water Dives complete your training as a PADI Scuba Diver by applying and further developing your knowledge and dive skills in a dive environment under your instructor's supervision and guidance. Your Open Water Dives will be conducted on 2 mile (maximum depth 12m), under the direct supervision of your instructor. After completing skills, you can finish the dive by experiencing the 1,200 species of tropical fish and a unique array of hard and soft corals that can be found in Sodwana.

Course Prerequisites

To qualify for acceptance into the PADI Scuba Diver Program, you must meet the following requirements:

1. Be 10 years of age or older. Students under the age of 15 may obtain the PADI Junior Open Water Diver certification (restrictions apply). Anyone aged under 18 years require a parent/guardian to complete and sign some paperwork.
2. Answer all the questions on the PADI Medical Statement and if you answer "yes" to any of the questions acquire a clearance for diving signed by a physician attesting to fitness to dive. The medical clearance must be current within the previous 12 months. The physician signing the form cannot be the individual. Click [here](#) for a copy of the medical statement.

Course Breakdown

The Scuba Diver course includes 3 nights accommodation in a safari tent. Our safari tents are basic budget accommodation and you are required to provide all necessary linen. You may upgrade if you wish to a standard cabin, standard cabin with a private bathroom or Ensuite cabin. Please see the course rate sheet for the upgrade fees.

Full gear hire is included in the course price as well as the online PADI Open Water Diver eManual (required) and PADI certification.

Catering is not included but can be provided on a dinner and breakfast basis

Please note that our course price does not include the Kwazulu–Natal Conservation Service fees consisting of a once off entry fee, a once off levy and a daily park fee. (Please see the course rate sheet for the KZN Rates)
