PADI National Geographic Open Water Diver

Learn more. See More. Have more fun! Go beyond the boundaries of PADI's Open Water Diver course and become a PADI National Geographic Open Water Diver.

You will gain the knowledge and practical experience to live the diving life.

You will learn basic dive skills and safety information through the PADI Open Water Diver course.

You will be introduced to worldwide dive environments and opportunities by interacting with the National Geographic Diver Almanac and DVD.

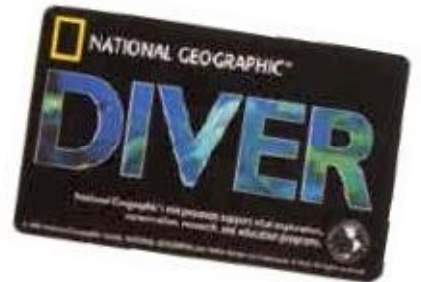

You will learn to fine-tune your buoyancy to hover easily and manoeuvre carefully through delicate aquatic habitats.

You will learn how to observe your surroundings in order to get the best experience from each dive.

You will gain practical experience by gathering information and collecting images to create a visual representation of a dive site, detailing what you have discovered through your observations.

You will improve your navigation skills and ability to find your way around underwater by using a compass as well as natural references.

You will be introduced to a multitude of aquatic species and be able to identify local plants and animals.

The PADI National Geographic Diver goes beyond PADI's standard Open Water Course:

- 2 Extra Dives
- 1 Day's 12 mega pixel digital camera rental
- National Geographic DVD & Almanac
- Exclusive National Geographic Leatherette Log Book
- Certification as a National Geographic Diver
- 1 Extra night tented accommodation.

Price R5500

Includes All materials, equipment, camera rental, certification and 6 nights tented accommodation.
